All persons interested in aviation are welcome to join or visit our chapter. You do not have to own an airplane or be a pilot. In addition to monthly chapter meetings, we hold monthly fly-outs to other airports. Seats are often available for those who do not have their own plane.

Members of the chapter enjoy the camaraderie of a common interest in aviation, flying, and sharing technical information about homebuilding.

Chapter dues are \$30.00 a year. This covers the cost of the Cleco, our monthly newsletter. Dues cover a calendar year and are to be paid by February 28 each year. New members joining after July 1 will be credited through the following year.

In order to keep our insurance in force, all chapter members must also be members of the EAA National. National dues are \$40. See the EAA website (www.eaa.org) for more information. If you are joining the EAA for the first time, please get an application from the Treasurer, so the chapter will be credited.

Make check payable to Chapter 393 and bring this application to a meeting or mail to:
